

Superior Technology for City Cleaning

Hako-Citymaster 90

9,7 kW (13,0 HP)

The mini-compact sweeper for speedy outdoor cleaning and a convincing ride-on alternative to manually-operated machines.

Highly manoeuvrable thanks to a new type of hydraulic rear wheel steering. Ergonomically optimised workspace, simple to operate. An excellent view of the surfaces being cleaned. Very low machine lifetime costs.

Hako-Citymaster 90
